OFFICE OF THE PROVOST

March 2, 2026

Dear Students,

We know that the current situation in Lebanon and the region is creating uncertainty and concern for you and your families. Together with the continuity of your studies, your safety and wellbeing remain our top priority.

We are suspending all instructional activities (classes, exams, labs, studios, etc.) on Tuesday March 3, 2026 in line with today's directive from the Ministry of Education and Higher Education. Medical and nursing students should continue to follow the specific instructions provided by the Dean's Offices at the Faculty of Medicine and Rafic Hariri School of Nursing, respectively.

AUBMC and Family Medicine remain fully operational for the AUB community, and the [Counseling Center](#) at the Office of Student Affairs is available for both in-person and online consultations. International students are encouraged to reach out to the [Office of International Programs](#) if needed. For general questions or concerns, please write to ask_ecad@aub.edu.lb. Ensure as well that your [contact information on record](#) is up to date.

We will be in touch again tomorrow with additional information regarding academic continuity and the resumption of teaching and learning activities. All updates will also be posted on the university's [Emergency Preparedness](#) website.

Sincerely,

Zaher Dawy, PhD
Provost
