OFFICE OF THE REGISTRAR

August 6, 2026

Dear All,

The Office of the Registrar is pleased to announce the successful completion of the Undergraduate Class Unification Initiative, a university-wide academic records project that establishes a single, consistent framework for undergraduate class standing across the American University of Beirut. This initiative replaces the University's historical faculty-specific class structures.

Effective Fall 2026–2027, all undergraduate students will be classified using a unified class structure based on academic progression:

- FR – Freshman
- SO – Sophomore
- JR – Junior
- SR – Senior
- S4 – Fourth-Year Senior
- S5 – Fifth-Year Senior

The implementation of the unified class model provides several institutional benefits, including:

- A consistent undergraduate class structure across all faculties and schools.
- Improved clarity of academic standing for students and advisors.
- Enhanced Banner administration and reporting capabilities.
- Simplified registration, curriculum management, and academic processes.
- Reduced system complexity and long-term maintenance requirements.
- A scalable framework capable of supporting future academic and curricular developments.

The Office of the Registrar extends its sincere appreciation to all faculty and administrative colleagues whose collaboration, expertise, and commitment contributed to the successful implementation of this initiative.

Should you have any questions regarding the new undergraduate class structure or its implementation, please contact us at regist@aub.edu.lb.

Kind regards,

Office of the Registrar
