The Office of International Programs provides support to all international students studying at AUB by providing the following services:

- Pre-arrival advice and visa assistance (following admission to AUB).
- On-site orientation, mentoring and intercultural activities. Explanation of public government services, processes, and procedures on campus.
- Assistance in obtaining student residence permits and/or following up on transactions at Immigration authorities.

Visas and Residence Permits

International students joining AUB who do not hold a Lebanese passport or Lebanese identity card must have their foreign passports valid for a period of no less than 12 months from the date of joining the university. Non-Lebanese students should also check with the nearest Lebanese Embassy or consulate in their country as to whether they require an entry visa in order to legally enter Lebanon or are eligible to obtain an entry visa at the airport. The OIP may assist students in securing their visas to Lebanon. Students who wish to benefit from OIP visa assistance must indicate this in their Confirmation Letters upon acceptance. Further information can be found on the OIP website.

Once registered at AUB, all students who do not hold Lebanese passports, and wish to stay for longer than the duration of their visas, are required to obtain a residence permit before the expiration of the entry visa they received. Students must apply for this permit within one month of arrival in Beirut and ONLY after registering and paying AUB tuition fees.

The Office of International Programs, in coordination with the Office of the Registrar, helps provide the necessary certificates for registered- non-Lebanese students in obtaining residence permits from the Lebanese authorities. Information about obtaining a residence permit is communicated at the beginning and throughout each term, and is posted on the OIP website.

Study Abroad and Student Exchange for Undergraduate Students

AUB undergraduate students may spend a year or a term abroad in an approved program of study without losing their status at AUB. They may apply to an established program at a university that has an exchange agreement with AUB or initiate their own proposal for study abroad at an accredited university of their choice. In both cases, an application (see below), approval of their faculty, as well as clearance from The Office of International Programs (OIP), are required. Study abroad and exchange programs provide students with the opportunity to travel to another country, experience a new culture, and build connections with students and faculty members at host institutions. These in-person interactions form an integral part of the experience. As such, only in-person study abroad and exchange programs are approved at AUB.

Definitions

Exchange Students

Students on exchange programs at universities with which AUB has bilateral exchange agreements, pay the usual AUB tuition rate appropriate to a 15-credit course load.

Study Abroad Students

Students on study abroad programs at universities with which AUB does not have a bilateral exchange agreement will pay the host university fees at the receiving institution. However, they must continue to pay the AUB miscellaneous fees as applicable. Summer abroad students are waived the AUB miscellaneous fees.

Students wishing to go on exchange or study abroad programs must complete the AUB Study Abroad Course Approval Petition and the host university's application. Students are responsible for the completion of both sets of application forms by the assigned deadlines.
