MISSION STATEMENT

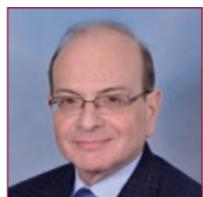

The American University of Beirut (AUB) is an institution of higher learning founded to provide excellence in education, to participate in the advancement of knowledge through research, and to serve the peoples of the Middle East and beyond. Chartered in New York State in 1863, the university bases its educational philosophy, standards, and practices on the American liberal arts model of higher education. The university believes deeply in and encourages freedom of thought and expression, and seeks to foster tolerance and respect for diversity and dialogue. Graduates will be individuals committed to creative and critical thinking, life-long learning, personal integrity and civic responsibility, and leadership.

MESSAGE FROM PHILIP S. KHOURY, PHD

Outgoing Chairman of the Board of Trustees

During my almost 30 years as a member of the Board of Trustees, I have seen this university soar to great heights – not just during times of peace and stability, but perhaps even more dramatically in times of war and uncertainty. Even in bad days, AUB soars, always rising to the occasion, always standing tall as a beacon of hope.

Although fall 2024 was a terrible time for Lebanon and for AUB, the 2023-24 academic year was a year of great triumphs. We inaugurated the American University of Beirut –Mediterraneo, in Pafos, Cyprus; acquired the Keserwan Medical Center, AUB's first ever community hospital in Jounieh, Lebanon; and concluded BOLDLY AUB: The Campaign to Lead, Innovate, and Serve, the largest capital campaign in the MENA region.

Through it all and at every step along the way, our trustees have led – with their counsel and advice, and with their philanthropy. Our university has also been led by an indomitable and seemingly inexhaustible president. The commitment and dedication of President Fadlo R. Khuri and his leadership team in Beirut are unparalleled. It has been a privilege to partner with our trustees, President Fadlo Khuri, and senior university leadership – and with all of you, our extraordinary global AUB family of alumni and friends – throughout my 15-year tenure as chair of the AUB Board of Trustees.

All of you listed in this report have been with us at every step along the way. Without your contributions and support – and the contributions and support of generations of donors before you, there would be no American University of Beirut. Philanthropy has been at the heart of our university from the beginning. The Syrian Protestant College was established with the funds that our first president, Daniel Bliss, raised between 1862 and 1866 – and have kept our university going for almost 160 years.

Although my term as chair ended on June 30, 2024, I am still a member of the Board of Trustees and fully intend to stay involved and do what I can to support my good friends, Chair Abdo Kadifa and President Fadlo R. Khuri. This university is in very good hands.

Philip S. Khoury

MESSAGE FROM ABDO GEORGE KADIFA

Incoming Chairman of the Board of Trustees

It is a great honor to be addressing all of you as chair of the AUB Board of Trustees for the first time. My association with AUB dates to 1977 when I arrived on campus to pursue an undergraduate degree in electrical engineering. After graduating in 1981, I went to the US to pursue a master's degree in electrical engineering at the California Institute of Technology. I later earned an MBA at the University of Chicago Booth School of Business in 1989.

I live in California where I am a managing director and co-founder at Sumeru Equity Partners. I have held leadership positions at technology, management consulting, and investment companies such as Oracle, Booz-Allen & Hamilton, IBM, Silver Lake and Hewlett-Packard. Throughout my time in the US, I have been deeply involved with the Lebanese diaspora community and recently served as chairman of LebNet, whose mission is to empower tech entrepreneurs and professionals of Lebanese descent to succeed on a global level while promoting equity, diversity, and inclusion.

I joined the AUB Board of Trustees in 2014, the same year that President Fadlo Khuri began his extraordinary term as university president, and have served as vice chair for information technology and innovation and co-chair of the board's Academy and Its Values Committee. Throughout my tenure as trustee, Dr. Philip S. Khoury has led the board and this university with singular grace and wisdom. All of us who care about AUB owe him our deepest gratitude for his long service as chair of the Board of Trustees.

As you will read in the pages of this report, the 2023-24 academic year was a time of great accomplishment as we welcomed an excellent cohort of students in fall 2023; inaugurated our twin campus, AUB Mediterraneo, in Pafos, Cyprus; successfully transitioned all AUB faculty and staff to 100 percent compensation in US dollars one year ahead of schedule; and concluded the BOLDLY AUB campaign, raising more than \$805 million. Of the \$27.3 million that was raised between July 1, 2023, and June 30, 2024, 14 percent (\$3.7 million) was from trustees or trustee affiliations.

From my vantage point in Silicon Valley, I see even greater days ahead. I see the long arc of innovation and academic excellence, I see how AUB is poised

to shape our future, and I see the critical impact of having a pillar of academic freedom and medical excellence in the Middle East.

Strategic growth is vital to sustain the potency of our university and so we are planning to open three new schools at AUB: in computing and data sciences, architecture and design, and the arts and humanities over the course of the next decade. You will be hearing much more about these initiatives in the months and years ahead.

For over almost 160 years, the American University of Beirut has been a pillar of delivering high levels of education, research, innovation, and health services. Today, we are the largest private employer in Lebanon and a major contributor to its economy. We will not rest on these achievements; our ambitions keep expanding.

Now more than ever, Lebanon needs us. The Middle East needs us. America needs us. The world needs us. Thank you for your continued support.

Abdo Kadifa

MESSAGE FROM FADLO R. KHURI, MD

President

I am writing to you in December 2024 at the end of what has been an especially long year. Although this Contributors Report covers the period between July 1, 2023, and June 30, 2024, I can't help but reflect on the six months that followed the end of the 2024 fiscal year. Until quite recently, a relentless bombing campaign was devastating all parts of Lebanon. Everyone in the country was affected. More than 1.5 million people were displaced – more than a quarter of the population of Lebanon – and more than 3,800 were killed between October 8, 2023, and November 27, 2024.

In our own AUB community, one recent graduate, one current student, and two staff members were killed, two students were badly wounded, and 50 percent of our students were displaced. Thirty percent of our faculty were either themselves displaced or hosted multiple members from their extended family. Throughout the days and nights of bombing, our extraordinary doctors, nurses, and staff cared for patients both at the American University of Beirut Medical Center (AUBMC) and at our new community hospital, the Keserwan Medical Center (KMC), in Jounieh, Lebanon.

In fall 2024, our colleagues at AUBMC treated several thousand displaced individuals and admitted more than 250 severely injured patients

who underwent very complex surgeries. The cost to the AUB Medical Center, including lost economic opportunities at AUBMC, during this period exceeded \$20 million as we treated many injured and uninsured patients with trauma from the bombardment, or citizens displaced from their homes with chronic illnesses but no medical records and very limited (if any) financial resources. At the same time, we did not receive revenues from non-war related medical procedures as many people postponed what they considered “elective” procedures or fled the country.

Although the last 2-3 months were devastating, the 2023-24 academic year started off on a high note. The incoming class that we welcomed in September 2023, and that will graduate in 2027 or 2028, had a median SAT score that was over 1,270 – almost 80 points higher than it was in fall 2019. This increase is especially impressive given the recent trend of SAT scores in the US, which has seen a drop of almost 100 points.

Another highlight of the start of the 2023-24 academic year was the opening of the American University of Beirut – Mediterraneo, AUB's first twin campus outside Lebanon. AUB Mediterraneo, which was housed for the first year in temporary quarters, now has its own campus, with a main

gate, green oval, and clock tower in downtown Pafos, just a short walk from the sea.

Our faculty continue to excel in the classroom and in research, earning regional and global accolades. A record number of 64 AUB faculty members were listed as “highly cited” in the Stanford University Highly Cited Researchers Citation Rankings 2025.

We also ended the academic year and the fiscal year on a high note. Thanks to your philanthropy we raised \$12.7 million for financial assistance for AUB students between July 1, 2023, and June 30, 2024. This includes \$6.5 million for endowed scholarships and \$6.2 million for current scholarships. The total amount that we raised in 2023-24 was \$27.3 million. It was also in FY 2024 that we completed a four-year transition, one year early, and moved all AUB faculty and staff to 100 percent compensation in US dollars. Also on June 30, we concluded the largest capital campaign by a private university in the region, raising more than \$805 million for BOLDLY AUB: The Campaign to Lead, Innovate, and Serve.

All of you who are listed in this Contributors Report contributed to the BOLDLY AUB campaign. Your donations enhanced our facilities, expanded research funds, and supported community outreach initiatives. Among the many achievements of the BOLDLY AUB campaign is the establishment of 265 endowed scholarships, awards, and fellowships, which will provide funding for student scholarships, awards, and fellowships in perpetuity; 386 current scholarships and fellowships, which enabled the university to provide record amounts of financial assistance in recent years; another \$196 million earmarked for buildings and major facilities, an essential investment in our infrastructure; \$80 million for academic and healthcare centers, institutes, and departments, providing critical resources that facilitate teaching, research, and patient care: almost \$62 million for patient care, ensuring that those who are struggling financially can still get the care they need; and \$28 million to establish academic chairs, anchoring critical academic programs. How did we get to \$805 million? That total was reached from 65,857 donations from 26,964 donors in 103 countries over a period of many years.

Another reason for the success of the BOLDLY AUB campaign and for so many other achievements of recent years is the leadership of outgoing Board of Trustees chair Philip S. Houry. I cannot say enough about the critical role he has played as an inspiring and strong leader with a deep commitment to this institution.

There were a significant number of highlights during the 2023-24 academic year. You can read about many of these events and initiatives in the pages of this report: the AUB4Beirut Run on September 22-24, 2023, the AUB Fundraising Dinner in New York City on November 16, 2023, AUB Giving Day 2023 on December 4, 2023, a gathering in Palo Alto, California on April 19-21, 2024, and Class Reunion on campus on July 27-29, 2024. These opportunities to gather and be reminded of what binds us together and to this great university are invaluable.

So, what does the future hold for AUB? We have learned, especially in recent years, that it will no doubt hold some surprises, but we are not waiting for the future to come to us. We are taking on the future by, for example, launching three new schools over the next decade: of architecture and design, arts and humanities, and computing and data sciences. The establishment of each of these three schools is critical to fulfill our overarching strategic plan, VITAL 2030, to ensure that the university becomes more competitive in the best sense, more impactful, and more relevant.

Our university was founded to serve the peoples of the Middle East and beyond – and that is what we do in the classroom, at our medical center, in our research, and in countless outreach initiatives that benefit our community. To ensure that we can continue to do that, we need to lead and that's what we intend to do. Your donations and your continued trust in this great university are critical to our success. Thank you for your support.

BOLDLY AUB:

The Campaign to Lead, Innovate, and Serve

AUB celebrated its 150th anniversary in 2016. At the culmination of the yearlong celebration in January 2017, AUB President Fadlo R. Khuri announced BOLDLY AUB: The Campaign to Lead, Innovate, and Serve, a \$650 million five year fundraising campaign to ensure that AUB can continue to:

- **LEAD** by producing thought leaders and community leaders with the passion and drive to effect significant and meaningful change.
- **INNOVATE** by keeping AUB at the forefront of groundbreaking movements and ideas in the MENA region and beyond.
- **SERVE** the communities around us, near and far, through outreach, research, and leadership in healthcare.

The goals of the BOLDLY AUB campaign were to:

- Enrich the educational and research experience of students and faculty.
- Serve the healthcare needs of the region.
- Prioritize innovation and entrepreneurship.
- Engage with communities in the region to achieve real impact.
- Secure the university’s long-term sustainability.

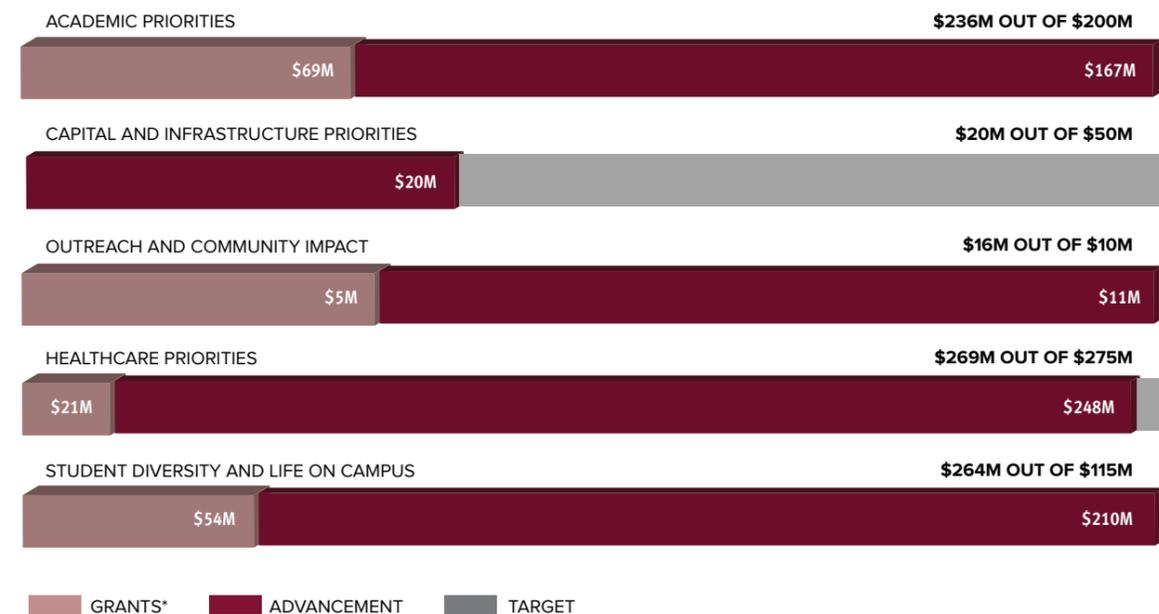

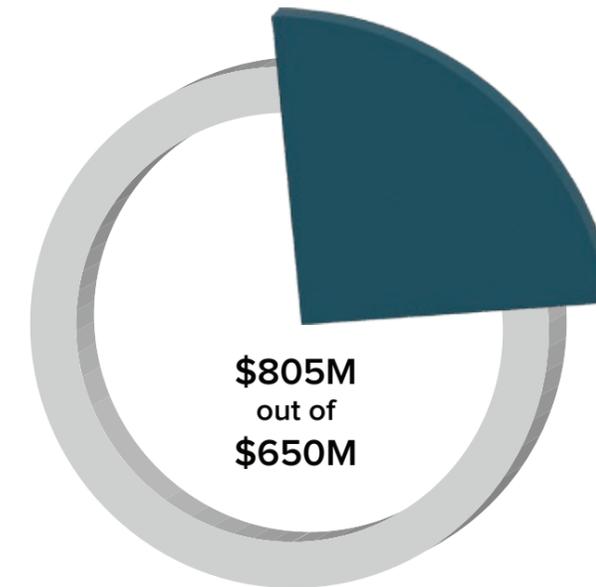

The \$650 million financial goal of the campaign was reached ahead of schedule: \$654 million was raised as of June 2021. Because of the extraordinary challenges in Lebanon and at AUB at that time, the AUB Board of Trustees decided to extend the BOLDLY AUB campaign until June 30, 2024. At the conclusion of the campaign, on June 30, 2024, the university had raised more than \$805 million.

The BOLDLY campaign transformed the fabric of our university. It is during the BOLDLY campaign that the percentage of students receiving financial assistance increased dramatically: 88.5 percent of AUB students are now receiving financial assistance (including financial aid from the university, donor-funded scholarships, scholarships funded by grants, etc.). More than 65 percent of students are receiving financial assistance that covers more than half of their tuition costs. More than 20 percent of AUB students are not paying any tuition at all.

Donations contributed to the BOLDLY campaign have also enhanced our facilities, expanded research funds, and supported community outreach initiatives. Among the many achievements of the BOLDLY AUB campaign is the establishment of 265 endowed scholarships, awards, and fellowships, which will provide funding for student scholarships, awards, and fellowships in perpetuity; 386 current scholarships and fellowships, which enabled the university to provide record amounts of financial assistance in recent years; another \$153 million earmarked for buildings and major facilities, an essential investment in our infrastructure; \$79 million for academic and healthcare centers, institutes, and departments, providing critical resources that facilitate teaching, research, and patient care: almost \$62 million for patient care, ensuring that those who are struggling financially can still get the care they need; and \$27 million to establish academic chairs, anchoring critical academic programs.

AUB MEDITERRANEO

The American University of Beirut – Mediterraneo in Pafos, Cyprus, is a twin campus of the American University of Beirut (AUB) in Beirut, Lebanon. Its establishment advances AUB's strategic vision, VITAL 2030, which was approved by the Board of Trustees in June 2020 "to ensure AUB's future success, relevance, and sustainability over the next decade and beyond." It has quickly earned a reputation as an academic hub in the coastal city of Pafos, Cyprus.

AUB Mediterraneo is approved by the Middle States Commission on Higher Education (MSCHE) as a branch campus of AUB. All departments and programs at AUB Mediterraneo are accredited in Europe and Cyprus through the Cyprus Agency of Quality Assurance and Accreditation of Higher Education (CYQAA) and recognized globally.

Like AUB, AUB Mediterraneo offers an American-style liberal arts education that nurtures critical thinking, creativity, and a global perspective, equipping students to become informed and engaged citizens of the world. The university welcomed its first cohort of 53 students in fall 2023. There are currently more than 150 students from 26 countries enrolled in five undergraduate and two master's degree programs: philosophy, politics, and economics (BA); psychology (BS); computer science (BS); industrial engineering (BS); business administration–management (BBA); business analytics (MS); and engineering management (MS). AUB Mediterraneo is committed to strategic growth and plans to diversify and expand its academic offerings and increase its student body to 2,000 within the next decade.

AUB Mediterraneo opened its new campus in downtown Pafos, Cyprus in fall 2024. The new campus' distinctive architectural elements were inspired by AUB's iconic Beirut campus and feature a clock tower and green oval area, blending tradition with modern design. It boasts many sustainability features including skylights, extensive greenery, and photovoltaic panels.

Rector Wassim El Hajj, PhD, who is also a professor of computer science at AUB, is the chief academic officer at AUB Mediterraneo and oversees the strategic academic development of the university, the operation of schools and academic support units, the growth and expansion of academic offerings, the advancement of research programs, and the effectiveness of quality assurance policies and procedures. AUB Mediterraneo's three faculties are led by Dr. Alain Daou (Faculty of Business), an associate professor of entrepreneurship at AUB's Suliman S. Olayan School of Business and director of the Nature Conservation Center at AUB; Dr. Salah Sadek (Faculty of Engineering), a professor of civil engineering and associate dean (since 2018) at AUB's Maroun Semaan Faculty of Engineering and Architecture; and Dr. Malek Tabbal (Faculty of Arts and Sciences), a professor of physics at AUB. Dr. Amy Zenger is the director of the Institute for Liberal Arts.

ABOUT OUR TRUSTEES

Throughout the history of the American University of Beirut (AUB), its trustees have played a critical role. They were among the first to make the philanthropic donations that enabled founding president Daniel Bliss to establish the Syrian Protestant College, which was renamed AUB in 1920. Dr. Bliss wrote about the contribution of those trustees in 1902, the same year that he stepped down as president: “It is probably rare in the history of education, certainly in the history of missionary education that an institution has been so generously provided for as has our own by the loyal support of the Trustees.” Future generations of AUB trustees have also generously provided for AUB.

In recent years, AUB trustees, under the leadership of Chair Philip S. Khoury, have responded time and time again – providing urgently needed funds during the economic and financial collapse of Lebanon, the COVID-19 pandemic, and in the aftermath of the August 4, 2020, explosion in the Beirut port. The university has benefited enormously from their wisdom and their philanthropy.

AUB FUNDRAISING DINNER 2023

“It was truly a memorable evening. Thanks to our extraordinary AUB family, we were able to raise \$6 million for our students and our patients,” said Senior Vice President Imad B. Baalbaki. “The evening was a celebration of our university and the truly extraordinary role it plays in Lebanon and the region – especially during challenging times such as the ones we are living through these days.” Almost 300 alumni and friends gathered at the Cipriani 25 Broadway on November 16, 2023, for the 2023 AUB Fundraising Dinner hosted by the Board of Trustees to raise urgently needed funds “for our students, for our patients.”

In his welcoming remarks, Chair Philip S. Khoury (former student 1969-70), who stepped down as chair of the Board of Trustees on June 30, 2024, thanked trustees “for all that you bring to the university, in terms of your financial support, your wisdom, and your spirited commitment.” He also thanked “the members of our distinguished International Advisory Council whose guidance has been a critical part of our success.”

During his keynote address, President Fadlo R. Khuri (former student 1981-82) commented on what motivates AUB to “keep plugging away, growing stronger even, during trying times.” He explained, “We must because over the past 150+ years we have been a powerful, vibrant, and safe space for freedom of thought, for creativity, and most especially for hope for a better tomorrow. A space where people can come to think, share, learn, believe, and grow strong so they can carve out their own place in the world and make it better. We will do whatever it takes to maintain that remarkable, irreplaceable space.”

Khuri highlighted the critical role of the successful BOLDLY AUB campaign, which concluded on June 30, 2024, in enabling the university to provide financial assistance to a record number of AUB students and to reducing “the number of people for whom finance is a barrier to healthcare.” He went on to stress the pivotal role that AUB trustees and alumni had played in the success of the BOLDLY Campaign.

GIVING DAY 2023

AUB Giving Day 2023 attracted donations from 1,531 alumni and friends in 69 countries around the world, 45 US states and the District of Columbia, and five Canadian provinces. The success of this global event, which raised more than \$1.6 million, was due in part to the support of our Giving Day partners (listed below). “Our AUB family came together as we knew they would,” said Associate Vice President for Development, Alumni Relations, and University Events Salma Oueida. “The engagement this year from colleagues on campus to our alumni and friends around the world was exceptional.”

The global celebration took place on December 4, 2023, the same day that the university celebrated the 157th anniversary of its founding on December 3, 1866. “Organizing Giving Day on the same day that we celebrate Founders Day highlights the importance of philanthropy at our university,” explained Senior Vice President Imad Baalbaki. This was a theme that President Fadlo R. Khuri highlighted in his Founders Day speech: “This university would not have been established without the philanthropic support that Dr. Daniel Bliss, our first and longest-serving president, was able to gather from generous donors in the United States and United Kingdom. From the university’s founding throughout its tremendous growth – both in size and impact – philanthropy has been a constant thread,” he said.

AUB4STUDENTS SCHOLARSHIP DRIVE

The continued economic challenges in Lebanon and the region are affecting many of our students and their families. The AUB4Students Scholarship Drive was launched on Valentine's Day 2021, to raise funding for our students to enable them to continue their educations at AUB until they graduate. Donations to support current and endowed scholarship funds have played a critical role in enabling the university to award a record amount of financial assistance in recent years.

We are deeply grateful to the 2,247 donors who made gifts in 2023-24 to help current and future students. They provide not just financial support, but also, as Senior Vice President Imad Baalbaki noted recently, "hope to some of our many extraordinary students who are struggling during these challenging times."

CLOCK TOWER SOCIETY

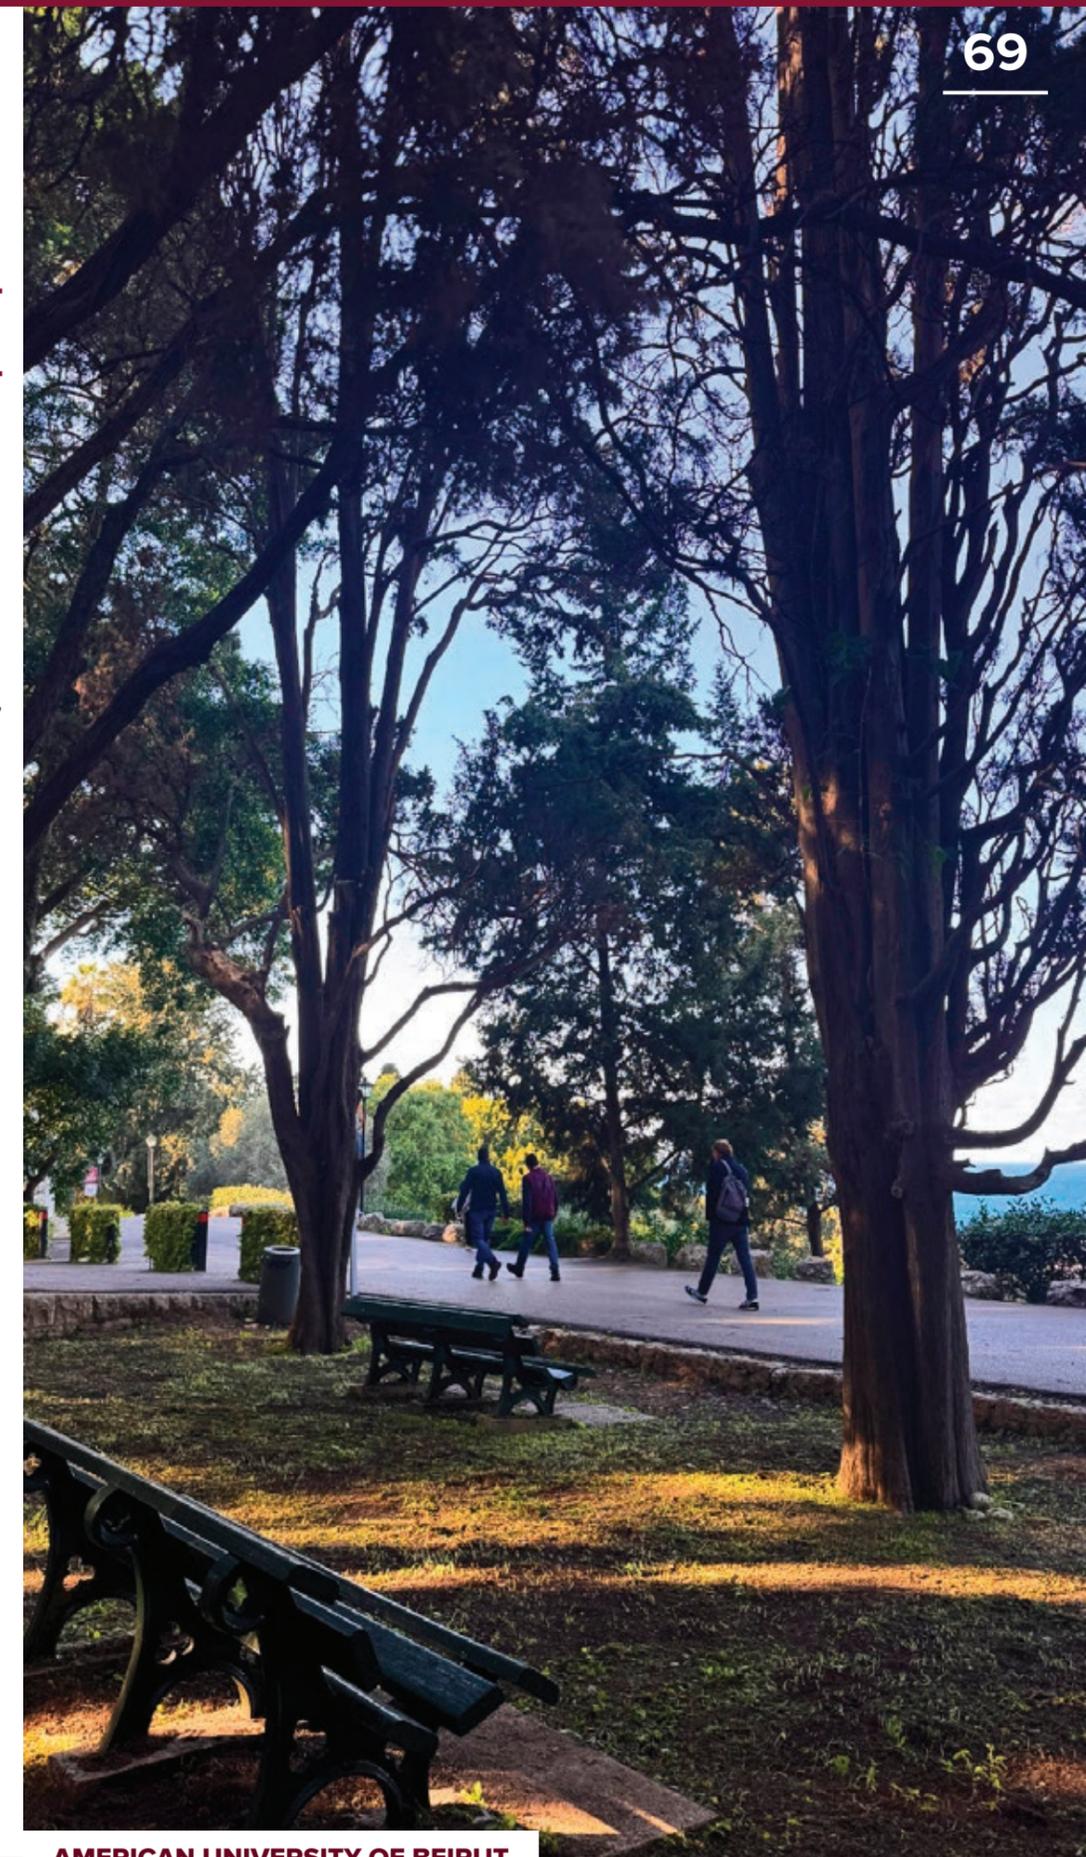

Donors who make a planned gift to AUB are continuing a long tradition at AUB: As far as we know, Frances Copeland made the first legacy gift to our university: £200 in 1870. Many of early bequests that we received at that time were modest amounts of money. Some of the college's especially generous benefactors also included the college in their wills, most notably William E. Dodge. He and his wife made the first two donations that Daniel Bliss ever received (\$15,000 and \$10,000 in 1863) and supported many other important initiatives during their lifetimes.

Donors who make a planned gift to AUB are investing in the university, Lebanon, and the Middle East region. They are helping to ensure, in the words of our mission statement, that AUB will be able to continue "to provide excellence in education, to participate in the advancement of knowledge through research, and to serve the peoples of the Middle East and beyond" for generations to come.

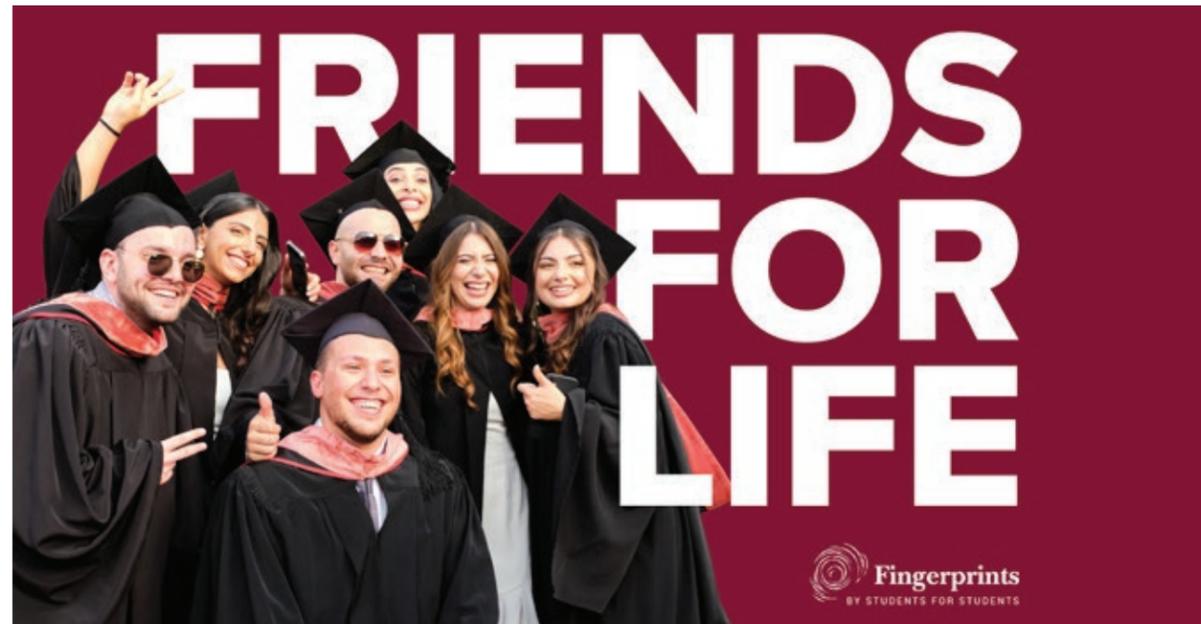

The Clock Tower Society was established to recognize and thank donors who have instituted a planned gift or included AUB in their estate plans. The clock tower is an iconic landmark and the pinnacle of College Hall, the first building on the AUB campus. College Hall was completed in 1873. The bell in the College Hall clock tower rang for the first time in March 1874. Throughout AUB history, this building has been identified more than any other with the university's resilience and its abiding commitment to, in the words of our founder Daniel Bliss, "develop in its students the love of truth and the desire to do right."

FINGERPRINTS

Fingerprints is a special fundraising program, by students, for students. It was launched in 2002 by the Office of Development in coordination with the Office of Student Affairs and the University Student Faculty Committee (USFC). The program involves AUB students in an initiative that benefits other students and establishes a culture of giving among them.

More than 680 members from the Class of 2024 joined the ranks of generations of graduating students who have made a contribution to the Fingerprints Endowed Scholarship Fund. The USFC also generously voted to contribute over \$80,000 to the endowment this year. "As student representatives, it is our duty to invest part of our available funds to allow students to live the AUB dream. Fingerprints has become an established tradition of philanthropy by students, for students, and we are happy to support it every year," explained Nader Zalaquett, USFC vice president. The program benefits each year from a matching donation from an AUB trustee. In 2024 Trustee Emeritus Hisham Jaroudi (BArch '66) generously matched the gifts made by the graduating class.

The Fingerprints Endowed Scholarship Fund, which is now valued at over \$2.6 million, has so far provided more than 400 scholarships worth more than \$1 million to AUB students like Christina El Ahmadih and Omar Al Jamal. When asked about the impact that Fingerprints support has had on their education, Christina had this to say, "As a medical student, I'm profoundly grateful for the scholarship provided by my peers. Their support has not only eased the financial burden of my education but also empowered me to focus wholeheartedly on becoming the best physician I can be. It's crucial that the fund keeps growing to ensure future generations of aspiring doctors receive the same invaluable

opportunity to pursue their dreams without hindrance." Omar, who is a business student, agreed, saying, "The support of my fellow students enabled me to receive my dream education. With your help we can keep this incredible legacy going. Thank you Fingerprints!" The critical support received from thousands of graduates over the last 22 years has been life changing to many students, like Christina and Omar, especially during these exceptionally difficult times for Lebanon and the region.

Each year, members of the student body volunteer to support the efforts launched by the USFC and help raise awareness and critical funds for Fingerprints. One such student is Aya Akhras (BA Health Communication '24), "As a student ambassador for Fingerprints in 2024, I feel blessed to be part of this remarkable student-led initiative and to have played a part in its impactful mission. My experience at AUB was unforgettable, providing me with opportunities and memories that will last a lifetime. I believe that many other students deserve this same chance, and that is why I am joining other members of the Class of 2024 and making a donation. May Fingerprints continue to grow and thrive, touching more lives and creating more opportunities for deserving students."

Thanks to the generous philanthropy of AUB students, the Fingerprints program will indeed flourish and continue to transform lives.

UNIVERSITY STUDENT FACULTY COMMITTEE

PARENT PROGRAM

Parents have a special relationship to any university where their children are students. The fact that many AUB parents – and grandparents – are also AUB alumni is a great source of pride for our university. Parents support their children in many ways. Some parents are able, and also want, to do more to benefit their children's university and become generous donors. Their gifts provide essential funding for AUB's scholarship program, research laboratories, extracurricular activities on campus, and capital projects. We salute our parent contributors – especially those (highlighted in the list below) who have made gifts in each of the last three years. Thank you!

AMERICAN UNIVERSITY OF BEIRUT

1866 SOCIETY

The 1866 Society celebrates donors who have made a gift to the university of any amount in at least seven of the last ten years. This support is especially valuable during challenging times such as the ones that AUB has faced in recent years. We are deeply grateful to the new and returning members of the 1866 Society who made gifts to AUB in 2023-24.

The society, which was named for the year that the university was founded, is celebrating its tenth anniversary this year. It has grown over the years and now includes 948 alumni, parents, faculty, staff, and friends. 1866 Society members receive a recognition pin when they reach particular milestones: a bronze pin for 7 years of support; silver for 10 years; gold for 15 years; and platinum for members who have contributed for 21 or more years.

Brave Heart, a Lebanese registered NGO, funds medical care for underprivileged children with Congenital Heart Defects (CHD) at the Children's Heart Center (CHC) of the American University of Beirut Medical Center (AUBMC). Established in 2003 as the first patient fund in the country dedicated to pediatric cardiac care, and incorporated as an NGO in 2020, Brave Heart's mission statement is that "No child should die of heart disease because of a lack of funds."

In fiscal year 2024, Brave Heart marked two decades of saving little hearts. Since 2003, Brave Heart has touched 10,000 lives, funded over 4,700 life-saving cardiac procedures, as well as over 5,500 diagnostic tests, including 137 heart surgeries and interventions in 2023-24. Support from Brave Heart has been especially important in recent years because of Lebanon's economic crisis and the breakdown of coverage from public institutions. This 20-year milestone was recognized with heartfelt gratitude at a reception during Congenital Heart Disease Awareness Month in February 2024, an event attended by AUB President Fadlo R. Khuri, MD, to thank Brave Heart donors and supporters.

Global Influence

Brave Heart's impact doesn't stop at Lebanon's borders. As a founding member of Global Arch – a global alliance to improve life-long outcomes for rheumatic and congenital heart patients worldwide – Brave Heart proudly convened with global leaders in healthcare at the 8th World Congress of Pediatric Cardiology and Cardiac Surgery in Washington, DC in 2023 and at the World Heart Federation Summit in Geneva in 2023 and 2024 making a stand for heart health and putting congenital heart anomalies on the global map. These prestigious platforms allowed Brave Heart to shine a light on its 20-year journey, the challenges and needs of Lebanon's CHD community, and advocate for equitable access to heart care.

Awareness that Transcends Borders

Brave Heart's 20-year milestone was promoted in its annual CHD awareness campaign featuring endearing TV and outdoor promotions honoring heart heroes, for whom every year is an important celebration. The campaign was also a tribute to the countless individuals and communities who have rallied around Brave Heart, turning cultural, social, and artistic events into forces for good. Also as part of awareness month, students from the AUB Biology Student Society, the Cardiac Surgery Interest Group (CSIG), McGill University in Canada, and Sabis Adma and Choueifat held bake sales to raise awareness and funds for children with CHD.

Rallying the Community in Support of Children in Need

From World Heart Day to marathon runs and classical concerts, Brave Heart rallied the community in countless ways in 2023-24. On September 29, 2023, World Heart Day, Brave Heart filled the AUBMC Children's Heart Center with laughter, joy, and a reminder of the importance of heart health and accessible heart care, thanks to the contribution of AUB's Khelkhal and Ibtissama's clown doctors. In November, over 1,100 runners joined the OMT Beirut Marathon 5 KM Fund Run for Brave Heart, celebrating 20 years of running for little hearts.

The festive spirit continued with Brave Heart's Secret Santa event at AUBMC, spreading holiday cheer and a special visit from Santa. The new year kicked off with classical concerts and performances at KED Beirut and the Silk Factory in support of Brave Heart.

Brave Heart held its annual "Little Hearts Raffle" at the Femme Flair brunch by In-Action Events on March 8, 2024, coinciding with Women's Day, and welcomed spring with a joint 20-year anniversary brunch in April with Armenian restaurant Mayrig, uniting two legacies of love – one for saving little hearts, the other for preserving culinary heritage. In June, the empowering "Shou ya Ashta" play and a beautiful sunset at Bolero Batroun created unforgettable moments while raising essential funds for children's heart surgeries.

Looking Ahead

Brave Heart is looking forward to the next chapter in its journey and its annual end-of-year party in Beirut to celebrate 20 years of saving little hearts. The power of community never fails. Join the Brave Heart community and make the next 20 years even more impactful!

The Cancer Support Fund (CSF) at the American University of Beirut Medical Center (AUBMC) was established to alleviate the financial burden associated with cancer treatment for patients who are unable to afford care. Since it was established in 2018, CSF has raised \$7.7 million. This money has been used to support 1,748 patients and a total of 9,886 hospital encounters.

CSF provides a wide range of support including assisting with treatment costs (covering chemotherapy, radiotherapy, surgery, and other essential treatments); medication assistance (providing access to medications and donations for patients who cannot afford the cost or who cannot find the drugs they need in Lebanon due to national shortages); supportive care (including palliative care services, psychological and emotional support); and preventive medicine (including free screening tests for breast cancer and prostate cancer during awareness campaigns in October and November 2023).

In 2023-24, CSF expanded its support to include coverage for screening tests for breast cancer and prostate cancer as part of its role in cancer prevention. It also increased its patient outreach through enhanced collaboration with community organizations.

These collaborations enabled CSF to reach more patients in need, particularly in underserved regions in the north thereby improving their access to cancer care.

CSF continued to engage the community both on the virtual level through social media outreach (attracting almost 60,000 views on Facebook and 100,000 views on Instagram) and through various activities aimed at raising awareness and providing emotional and practical support to cancer patients.

Awareness activities took place throughout the year:

- Breast Cancer Awareness Month (October 2023): Throughout October, CSF funded 500 screening mammograms for women aged 40 and above. It also organized a social media campaign focused on breast cancer awareness, highlighting the importance of early detection and screening.
- Prostate Cancer Awareness Month (November 2023): Throughout November, CSF funded 200 free PSA screening tests for men aged 50 and above. It also organized a social media campaign focused on prostate cancer awareness, highlighting the importance of early detection and screening.
- Christmas Tour (December 2023): Ms. Hala Dahdah Abou Jaber and Dr. Ali Taher along with members of the administrative team toured the patient ward to spread joy on the Christmas and New Year holidays. Patients were offered chocolates in “Christmas mugs.”
- World Cancer Day (February 2, 2024): CSF participated in the Naef K Basile Cancer Institute World Cancer Day, “Cancer Screening as a Strategy,” and shared their experience in supporting screening tests versus coverage of treatment for patients and noted the effectiveness of screening in early detection and improving patient outcomes.
- World No Tobacco Day (May 31, 2024): World No Tobacco Day is a global initiative led by the World Health Organization (WHO) to raise awareness of the dangers of tobacco use and advocate for effective policies to reduce tobacco consumption. CSF actively participated by setting up and staffing a booth during an event organized by the Ministry of Public Health to spread awareness and provide information about the risks of tobacco use, including its link to various types of cancer. The material included infographics, statistics, and patient stories to underscore the importance of quitting smoking.

CSF continued its outreach to local schools, hosting interactive sessions aimed at younger audiences. These sessions focused on the long-term health consequences of bad habits and the benefits of leading a tobacco-free life.

Looking ahead, the CSF is facing several challenges due to the ongoing economic crisis, which has increased the number of patients needing financial assistance and the cost of advanced cancer therapies. To meet these challenges, the fund is planning to expand its donor base, establish an endowment to ensure its long-term sustainability, and launch new campaigns to raise awareness about the importance of cancer support and to increase engagement from the community.

Focus Fund was established in 2016 to support child mental health at the AUB Medical Center (AUBMC). It supports activities and initiatives to promote child mental health including intellectual disability (ID), attention deficit hyperactivity disorder (ADHD), autism spectrum disorder (ASD), anxiety disorders, depression, eating disorders, learning disorders (LD), obsessive-compulsive disorder, and Down Syndrome. The fund has provided 3,975 therapies to 1,067 children since it was established. Focus Fund also covered the hospitalization of three adolescents who had mental health emergencies requiring admission to the Psychiatry Unit at AUBMC last year.

Focus Fund supports the following services at the Division of Child and Adolescent Psychiatry making them accessible to people who would not otherwise be able to receive this type of assistance:

- Psychotherapy
- Psychiatry
- Special Education
- Neuropsychological Assessment
- Speech therapy
- Psychomotor therapy

In support of its decision to prioritize capacity building, Focus Fund initiated a child psychiatry fellowship at AUBMC in June 2017, covering two fellowship scholarships. The graduates are the first in Lebanon to specialize in child and adolescent psychiatry. The fund is currently supporting one child psychiatry fellowship.

Focus Fund also covered scholarships for six psychology interns in the Department of Psychiatry including two scholarships in 2023-24. The psychiatry fellows and interns provide care for Focus Fund patients.

The Lebanese Breast Cancer Foundation (LBCF) was established in January 2011 by Dr. Nagi El Saghir and a group of committed breast cancer survivors and volunteers to raise awareness about breast cancer, promote early detection, and to provide financial assistance to underprivileged breast cancer patients so they can receive the treatment they need. The foundation has supported more than 5,000 breast cancer patients since it was established, including 442 women in 2023-24.

LBCF organized a number of activities in October 2023 to support its mission including Hug for a Cause, a heartwarming campaign and event to raise awareness of the importance of breast cancer early detection which can save lives, raise funds to support mammography cost for women in need, and spread love and support for breast cancer patients.

One of LBCF's priorities is to raise awareness. To support this goal, it organized awareness sessions throughout Lebanon to raise awareness of breast cancer and the importance of early detection. Doctors, nurses, survivors, and friends volunteered and gave community lectures at various institutions, Lebanese University, schools, scout events, and at municipalities across Lebanon.

On Tuesday, October 10, 2023, LBCF organized a special live broadcast on the LBCI TV station in honor of Breast Cancer Awareness Month. The broadcast, which was supported by the AUB Medical Center (AUBMC) in partnership with LBCI and the Sabbah Brothers, was hosted by LBCI TV anchor Ms. Raneem Bou Khzam. During the program, prominent AUBMC doctors, along with breast cancer patients and survivors, shared invaluable insights on everything patients need to know, from diagnosis to completing treatment. The episode discussed the entire journey of breast cancer patients, featuring insights from medical experts including social oncologists and surgeons, as well as testimonials from patients. Additionally, various celebrities and social media figures participated to promote breast cancer awareness and highlight the importance of early detection. The collaboration between the Lebanese Breast Cancer Foundation and AUBMC aims to ensure that women have access to screening and treatment for breast cancer.

The Nehme and Therese Tohme Multiple Sclerosis Center is a center of excellence that cares for patients with multiple sclerosis. It consists of eight rooms serving patients who come for clinic visits as well as one-day admissions for IV therapy.

The Friends of MS at AUBMC is a volunteer group established in February 2012 and dedicated to supporting the Multiple Sclerosis Center (MSC) by raising funds to provide financial assistance for the treatment of needy MS patients at the center; building awareness to educate the community about MS; and contributing to the funding of MS-related research.

More than 4,000 patients have been treated at the Nehme and Therese Tohme Multiple Sclerosis Center. The number of patients being seen at the center has been increasing annually by 18% to 20%. This upsurge has happened at the same time as an economic crisis, an increase in the number of needy MS patients, a rise in demand and shortage of MS medications, and the war in Gaza. More than 18% of the center's patients (around 700 patients) are requesting financial support and require treatment to control their disease.

The Friends of MS helps more than 500 MS patients each year covering almost 100% of the cost of admissions, clinic visits, and tests. The number of patients who need support is on the rise. Lately, due to the decrease in donations and sponsorships, the Friends group has been able to cover only 40% of the cost of patient bills. The decline in major sponsorships, donors, and contributors in recent years is due to a reduction in companies' investments in Lebanon or a decision by the companies to reduce their support for all humanitarian causes.

The Friends of MS carried out a number of activities in 2023-24, as detailed below.

- Conducted awareness campaigns throughout the year, especially in November and December 2023 and January, April, and May 2024.
- Ongoing collaboration with media to raise awareness through TV and magazine interviews and radio appearances.
- Participated in the Abu Haidar Neuroscience Institute Open House to promote the Nehme and Therese Tohme MS Center and the Friends of MS at AUBMC.
- Coordinated with AUBMC leadership to secure special packages for MS patients that would be covered by the fund.
- Explored the possibility of acting as a cost differentiator for needy MS patients treated at the center by offering discounts on admissions and tests done at AUBMC.
- Activated all social media to highlight all activities and events. The Friends group is planning to set up its own social media platforms to allow more interaction with the community.

THE NEIGHBORHOOD INITIATIVE

The mission of the AUB Neighborhood Initiative (AUBNI) is to mobilize the full power of the American University of Beirut for the public good in Ras Beirut, promoting the neighborhood's livability, vitality, and diversity through innovative outreach activities and multidisciplinary research.

The initiative's work encourages critical citizenship, giving AUB faculty and students the opportunity to apply critical thinking through practical problem-solving for the city and its people. Tactical urban interventions and projects address social, urban, and environmental issues, energize public spaces, and engage the community in reclaiming their neighborhood, bringing together community leaders, designers, artists, NGOs, and public and private institutions.

Cultural exhibitions and concerts

- AUBNI organized a concert by Al Kamandjati and Beit Atfal Assumoud (March 6, 2024) and a fundraiser concert by the Fayha National Choir for the Ghassan Abu Sittah Children's Fund, as part of Palestine Week, organized at AUB by the General Education Program and the Palestine Land Studies Center.
- AUBNI produced the "Don't Stop Drawing: Visual Diaries of Solidarity with Gaza," a timeline-based exhibition at P21 Gallery in London, showing works of Lebanese artists Mazen Kerbaj, living in Berlin, and Jana Traboulsi, living in Beirut (March 19-29, 2024). The exhibition was supported by PROCOL Lebanon and the Institute for Global Prosperity at University College London. The exhibition was moved to Beirut and opened at Al Madina Theatre on May 29, 2024 simultaneously with "Palestine:

Drawing, Documenting, Defying," a digital exhibition showcasing the work of Arab comics artists on Gaza and Palestine organized by the Rada and Mutaz Sawaf Center for Arab Comics Studies at AUB.

- AUBNI organized a series of events in support of Palestine at Al Madina Theatre including a solidarity march from the AUB Main Gate through Hamra Street to Al Madina Theatre culminating in a street performance by Al Kamandjati, a concert by soprano Ghada Ghanem, "Ode to Palestine," (May 29, 2024), a night of poetry and music with poet Mahdi Mansour and musician Ziad Sahhab (June 1, 2024), and a panel discussion with Dr. Ghassan Abu Sittah and Gaza war photographer Belal Khaled (June 9, 2024). All proceeds supported the Ghassan Abu Sittah Children's Fund at AUBMC.
- AUBNI organized a street performance by captivating singer Ghada Ghanem on February 27, 2024 to celebrate another spark in the dark, illuminating the surrounding streets of the American University of Beirut Medical Center (AUBMC) as part of the "Light Up Our Community" initiative in collaboration with Rebirth Beirut and Medco.

Community support

- Since April 2020, the Al Jar Lil Jar campaign has supported 260 vulnerable Ras Beirut families, including many elderly, with donations from the AUB community, alumni, and friends. Act for Lebanon generously supported this campaign for the months of January-June 2024.
- AUBNI partnered with the AUB primary healthcare center to offer free medical consultations and with donors and NGOs to provide free medications. It continued to stand in solidarity with AUB's neighbors throughout the multiple and ongoing crises that Lebanon is continuing to face.
- With generous donations from the WAAAUB New England Chapter, the Midwest Chapter, and the Houston Chapter, AUBNI distributed mouneh and maamoul sweets from local women producers to 250 vulnerable Ras Beirut families through the Al Jar Lil Jar program to celebrate Eid El Fitr in April 2024.

Environmental and urban projects

- The "Ras Beirut Btifroz" recycling campaign to encourage reducing, reusing, and recycling in the neighborhood continued its collaboration with Arcenciel with a network of 95 residential buildings and 12 cafes and businesses collecting more than 150,000 kg of recyclables.
- AUBNI partnered with Ahla Fawda NGO to expand the first EcoHub in Ras Beirut, a parking lot that was turned into a community space to showcase and spread awareness about eco-friendly practices including solid waste collection, hosting eco-friendly events and upcycling workshops. AUBNI implemented the EcoPlay space for children, the first playground in Lebanon made entirely from local upcycled materials, designed by Catalytic Action.
- AUBNI organized the first EcoBirthday in the EcoHub where three-year-olds were introduced to recycling plastic and cardboard through theater, performances, and fun activities. <https://seriouslydifferent.org/igp-stories/beirut-first-ecobirthday-a-huge-success-at-the-ecohub-with-the-aub-neighborhood-initiative-and-ahla-fawda>

- AUBNI installed “Raseef” designed by Modon - Ramzi Alieh on Bliss Street facing the AUB Main Gate on both sides of the pedestrian crossing. These two parklets replaced the chaos of parked motorbikes with modular precast planters, benches, and a backgammon table to give our AUB community as well as street users a space to sit, socialize, and reclaim the street as an open public space.

Academic support

- AUBNI supported undergraduate students majoring in public health, anthropology, media studies, architecture, and landscape design, in their research projects about Ras Beirut facilitating access to our database, connecting students and faculty to key community members, and providing advice and insights to guide students in their work.

Despite all the uncertainties and the tough situation in Lebanon, the Neonate Fund continued to support needy families of newborns admitted to the Neonatal Intensive Care Unit (NICU) at the AUB Medical Center (AUBMC) in 2023-24. To date the Neonate Fund has helped more than 600 newborns, including 23 newborns last year.

In October 2023, Cookie Dough Boutique, owned by Yasmine Charafeddine, a committee member of the fund, organized an Entrepreneurship Day featuring 12 children who had 12 business ideas. Cookie Dough provided a platform for young entrepreneurs to pilot their business ideas at 12 booths with all proceeds going to the Neonate Fund. The event was highly successful and attracted people who had the opportunity to learn more about our cause and to support it.

In November, which is Prematurity Awareness Month, the fund organized a full agenda in support of premature newborns. The purple color of prematurity on the shirts of individuals running for the Neonate Fund again dominated camera lenses at the annual Beirut Marathon. This year we were honored to partner with Antonine University that believes in and wholeheartedly supports our cause. Professors, staff members, students, and their families all ran in support of the Neonate Fund bringing a purple wave to the streets of Beirut!

We are deeply grateful to Learn and Play Children's Day Care Center for its annual bake sale to raise awareness of prematurity and funds to support needy families. The bake sale on November 16 and 17 was a great success.

To reach even more people, and to raise awareness of the critical care premature and sick newborns need to survive, the high cost of this care, and the burden it represents to many families that need this care, the president of the fund arranged a three-day campaign with Lebanese Broadcasting Corporation International (LBCI) on November 15-17 on the occasion of World Prematurity Day. LBCI hosted the president of the fund, who spoke about prematurity, fundraising activities, and the support that the fund provides. Professionals from different disciplines at AUBMC who contribute to all aspects of care provided to premature newborns at the NICU at AUBMC, including neonatologists, specialized nurses, inhalation therapists, nutritionists, and developmental care specialists, also appeared on LBCI. The experts tackled all aspects of newborn care and highlighted the importance of the availability of expert professional staff in addition to sophisticated equipment in helping to save lives. Families that had been helped by the fund spoke about their experiences and encouraged others to seek support. The campaign was a great success in highlighting the support that the fund provides and the care and technologies available at the NICU at AUBMC.

The Neonate Fund also partnered with UNICEF in November 2023 in support of the "Baby Box initiative," which was originally developed by UNICEF in low-income countries to provide poor families with a baby box/bed for their newborn so that the baby does not have to sleep on the floor or with the parents. This initiative aligns with Sustainable Development Goal 3 (Good Health and Well-being) and has contributed to lowering the post discharge newborn mortality rate. The Neonate Fund partnered with UNICEF to launch this initiative in Lebanon, which is currently classified by the World Bank as a low-income country. The initiative was launched on November 30 at the Baalbeck Governmental Hospital during the inauguration of its NICU. The event was attended by the minister of public health, prominent figures in Lebanon, as well as international funders. Wooden beds were offered by the Neonate Fund, with essential supplies provided by UNICEF for newborns who were discharged from the hospital on November 30. The goal is to expand this partnership and initiative to support needy families from underprivileged areas throughout Lebanon.

In March 2024, friends of the Neonate Fund organized a fundraising dinner at ARIA Beirut. The event was well attended and was successful in making even more people aware of the fund.

The Neonate Fund is especially thankful to the children who celebrated their birthdays by asking that donations be made to the fund rather than for birthday gifts. We are so proud of the commitment of these children to our cause.

We remain dedicated to serving and to supporting our mission always under the umbrella and with the support of AUB and the AUBMC mission dedicated to save lives.

OpenMinds organized a number of activities last year as detailed below.

On September 3, 2023, OpenMinds board members conducted an all-day workshop at the Al-Bustan Hotel to revise and finalize its mission and vision statements to better align the fund's goals and aspirations.

- The mission of OpenMinds is: "to empower and enrich the lives of Special Needs children/young adults through support and integration, enabling achievement of their full potential."
- The OpenMinds vision is of a world "where all Special Needs children/young adults thrive with society embracing their values/unique abilities."

On April 19, 2024, National Day for Students with Learning Difficulties, OpenMinds was honored by Chouf National College. During the event to thank OpenMinds for its support for special needs students, neurologist Dr. Ramzi Hilal spoke about learning difficulties and special needs.

On April 30, 2024, OpenMinds organized "Under the Same Sky," a fundraising event at Le Capitole in Beirut, which generated financial support and raised awareness for the fund's many initiatives.

On May 29, 2024, Notre Dame des Soeurs Antonines School honored and thanked OpenMinds for its support to equip classrooms for Special Needs kids, a wonderful example of how OpenMinds contributes to the community.

The OpenMinds Fund was established in 2012 by a group of concerned parents and friends to assist children with special needs. It supports the activities of the AUBMC Special Kids Clinic (ASKC). Contributions to the OpenMinds Fund also support clinical and basic research projects at the AUB Medical Center. Since it was established, it has helped 1,093 families, including 90 families who received assistance in 2023-24.

The fund's mission is based on three pillars:

- Raising awareness and promoting integration at all levels, particularly in schools, universities, and the workplace.
- Providing financially needy families with various treatments and services at ASKC, a unique, up-to-date, multidisciplinary center of excellence in the Middle East.
- Supporting research in neurodevelopmental disorders at the Neurogenetics Program at AUBMC.

Lebanon continues to face a severe economic crisis, characterized by the World Bank as one of the most significant global crises since the mid-nineteenth century. Over the last four years, the country's challenges have been exacerbated by the COVID-19 pandemic, the devastating 2020 port explosion, and the intensified regional conflict affecting southern Lebanon, Palestine, and Syria. These crises have profoundly impacted the mental health of Lebanon's population, particularly its youth, leading to increased levels of isolation, anxiety, and depression.

In response to this critical situation and recognizing the urgent need to support student well-being, the board of the President's Club has allocated funds to establish the "Counseling Center – Well-being and Success of AUB's University Students." This initiative, in collaboration with the Office of Student Affairs, aims to provide a dedicated on-campus space where students can access counseling and support services.

Additionally, the President's Club board is committed to promoting student engagement in art, social, and production activities in Lebanon. The board has secured funding for events such as TEDx

AUB, student outdoor activities, and the Classical Music Concert, covering essential expenses like overtime costs and venue rentals. The board believes that participation in these activities offers students valuable respite from stress, improves their overall mood, enhances their focus on studies, and fosters peer relationships.

Furthermore, the board allocated funds to reward students who excelled in the Keepers of the Land competition at the Faculty of Agricultural and Food Sciences. This initiative aims to motivate talent, encourage outstanding performance, and foster creativity.

The President's Club also supported the Beymun Conference, organized by AUB students, which included participants from universities and schools in Lebanon. The theme, "Rise Like a Phoenix," embodies the principles of strength, resilience, and peace, highlighting the collective capacity to overcome obstacles and persevere during uncertain times.

The President's Club board remains steadfast in its commitment to enhancing student well-being, recognizing and rewarding talent, and supporting AUB students during these challenging times. Continued investment in on-campus facilities and activities reflects a dedication to building community and resilience, empowering students to cope with challenges, and strengthening their connection to the university and the broader community.

The President's Club is eager to expand its outreach to individuals who are enthusiastic about supporting the university and youth in Lebanon, fostering a sense of belonging and addressing the exodus of talent from the country.

The Sickle Cell Needed Patients Fund was established in 2012 by a group of committed volunteers, donors, doctors, and healthcare providers to raise funds so that financially disadvantaged patients can benefit from the state-of-the-art care that the American University of Beirut Medical Center (AUBMC) provides to all patients. The fund has helped the families of 550 patients since it was established in 2012, including 230 patient families in 2023-24.

The Sickle Cell Disease (SCD) Program at AUBMC provides comprehensive, multidisciplinary care for patients with SCD, from birth until 19 years of age. Patients are assessed and followed up in the SCD ambulatory clinic on the 6th floor of the Department of Pediatrics and Adolescent Medicine at AUBMC. The multidisciplinary set-up of the program allows patients to be holistically assessed and managed.

Patients receive regular blood transfusions, imaging, laboratory tests, vaccinations, eye exams, pain management, psychological follow-up, and hospitalization including intensive care when needed. Patients are also provided with preventive genetic counseling by a specialized genetic counselor. Coverage for their care is provided primarily by the SCD Fund.

The fund organized three fundraising activities last year:

- On July 2, 2023, Chahnaz Abdallah Bohsali and Samer Bohsali hosted and organized a fundraising lunch at the opening of their guest house, Laklouk 1808, attended by more than 200 guests and donors. Arame Art Gallery donated a painting for auction during the event. The lunch featured several speeches raising awareness of SCD and the important role of the community and proper healthcare in overcoming the challenges of SCD.
- On January 13, 2024, ProArt Academy under the patronage of UNDP Live Lebanon Goodwill Ambassador for Art and Development Lena Kelekian and the management of Talar Kouyoumdjian and Michael Vajian, held a student art exhibition: "Dreams for Hope." All proceeds from the sale of the children's paintings were donated to the SCD Fund. During the event, children and their families became acquainted with SCD and felt that they were a part of the healing journey of other children and adolescents.
- On April 5, 2024, the SCD Fund Committee organized an iftar at Goodmen Restaurant, Gefinor, Hamra. The generosity and efforts of committee members resulted in a highly successful and heartwarming event in the presence of benevolent SCD Fund donors and supporters.

For the past 41 years, the Society of the Friends of the AUB Museum, now comprising 160 members, has been dedicated to organizing and sponsoring activities that promote and disseminate knowledge of Lebanese and Near Eastern heritage.

Under the leadership of curator Nadine Panayot, an associate professor of practice at AUB's Department of History and Archaeology, the AUB Archaeological Museum, with the support of the Society of Friends, has developed numerous activities and collaborations aimed at enhancing, engaging, and expanding the museum's dedicated audience.

The society continues to hold monthly meetings, exploring diverse strategies to promote the museum and showcase its invaluable collection.

Lecture Series and Collaborations

The society organized the following in-person lectures:

- "The Archaeological Landscape North of the Litani: New data from the Kharayeb Archaeological Project," on September 20, 2023, by Dr. Ida Oggiano.
- "DNA and the Origins of Peoples: The Armenians," on November 15, 2023, by Peter Hrechdakian.
- "The Archaeology of a National Symbol: Cedar (and other Wood) in Bronze and Iron Age Lebanon," on January 17, 2024, by Professor Hermann Genz.
- "Crusader Anfeh: A Tale of War and Peace," on March 27, 2024, by Dr. Patricia Antaki.
- "Connecting Archaeological Thinking with the Sociology of Post-Colonial France," on April 9, 2024, by Dr. John Veuglers.
- "An Outstanding Heritage: Churches and Icons of Tripoli and Koura," on April 17, 2024, by Dr. Ray Jabre Mouawad.
- "Islamic Burials in the Levant: An Archaeologist's Guide," on May 8, 2024, by Karma Afra.
- "Écriture Phénicienne: Recherches et Découvertes," on May 29, 2024, by Professor Françoise Briquel Chatonnet, directrice de recherche au CNRS.
- A film screening of "Expédition Pétra: Sur la Piste des Nabatéens," followed by a discussion with Dr. Laila Nehme, senior research fellow at CNRS, Paris, and led by Dr. Nadine Panayot, curator of the Archaeological Museum on June 12, 2024.

The AUB Archaeological Museum in collaboration with the Spanish Embassy in Lebanon organized the cycle of "Veladas Literarias" (literary evenings) at the Chéhab Palace:

- "Pourquoi la Renaissance peut-elle sauver le Monde," by Karine Safa on March 5, 2024.
- "Archives des ables et du vent," by Fady Stephan on May 10, 2024.

Children's Program

The Children's Program hosted three very successful events:

- "From Nature to Culture" on October 29, 2023, a first-time collaboration between the Archaeological Museum and the AUB Department of Earth Sciences. Led by Department Chair and Associate Professor Joanna Doummar, children observed rock types and their development over time. They then explored materials processing at the department with senior technician Alexy Elias Bahnan.
- "Boat Construction in Antiquity" on February 25, 2024. During this program, children explored the history of boat construction, seafaring, and navigation.
- "Lamps & Lanterns" on April 21, 2024. Children explored the evolution of lighting devices through the centuries, from the prehistoric period with firebrands or torches and shell devices to the emergence of lamps made from clay and other materials.

Trips Program

The AUB Archaeological Museum organized a trip to North Lebanon to visit several sites including the 12th-century Saint Charbel Church in Maad, built on the foundation of a Roman temple, accompanied by Professor Levon Nordiguian; the excavation site of Saint Barbara Church in Barghun with Dr. Patricia Antaki; and the tour of Our Lady of Balamand Patriarchal Monastery and its new museum.

Curator's Picks

Each month, Curator Nadine Panayot surveys the media for interesting or provocative articles related to various themes, new archaeological

findings, global museum news, and more. A total of 49 handpicked articles were shared between September 4, 2023, and July 31, 2024.

Celebration of the 100th anniversary of The Prophet by Gibran Khalil Gibran

- **The Prophet at the Museum: Poetry and Collections in Conversation:** In celebration of the 100th anniversary of The Prophet by Gibran Khalil Gibran, the Beirut Art Film Festival (BAFF) showcased a curated performance entitled The Prophet at the Museum: Poetry and Collections in Conversation in collaboration with the AUB Archaeological Museum. Four performances took place at the museum on November 28, December 5, December 12, and December 19, 2023.
- **Celebrating a special, new limited edition of The Prophet:** On December 12, 2023, the third "Prophet at the Museum" performance included a celebration of the new centennial edition of The Prophet, produced by The Gibran National Committee, in collaboration with Dar Al-Nahar publishing house.
- **Unveiling Hadi Sy's "The Cedar of the Prophet:"** On December 19, 2023, during the fourth and final event, artist Hady Sy meticulously crafted a metallic masterpiece, The Cedar of the Prophet, an homage to mark the 100th anniversary of the publication of The Prophet in 1923.

Exhibitions

- "Naked Truth," an installation of selected works by talented artist Rim El Jundi, echoing the theme of women's resilience and courage in face of death and destruction, March 8-29, 2024.

- "Hope," a sculpture by artist Nayla Romanos Iliya' installed at the AUB Archaeological Museum on May 29, 2024.
- "Salvaged from the Shadows, Protecting Cultural Heritage" at The National Museum of China in Beijing on June 6, 2024. The AUB Archaeological Museum participated in the exhibition with replicas of the shattered and restored glass vessels created using 3D scanning and printing.
- "Mimesis and Abstraction at the AUB Archaeological Museum" from June 26 through the end of July 2024, organized by the Lebanese Artists Association. Part of the proceeds from this exhibition supported the museum.

International Women's Day

For a third consecutive year, the AUB Archaeological Museum joined forces with the Asfari Institute for Civil Society and Citizenship to celebrate International Women's Day in 2024. In collaboration with the embassies of Chile, Mexico, and Brazil in Lebanon, the museum hosted a screening of Exteriores a film by Ivana Diniz, and an exhibition entitled "Naked Truth" with selected works by talented artist Rim El Jundi; curated in collaboration with the Saleh Barakat Gallery.

International Museum Day

On the occasion of International Museum Day, May 18, 2024, the AUB Archaeological Museum celebrated the theme: Be an archaeologist and a geoscientist for a day. The AUB Archaeological and Geological Museums joined forces for an Open Museum Day with activities for children of all ages.

Beirut Book Fair

On the occasion of the Beirut Book Fair, the AUB Archaeological Museum participated in "Preserving the Memory of Humanity: Endangered Sites from Central Asia to the Near East," a dialogue with Jean-Pierre Perin and Charif Majdalani, moderated by Dr. Panayot on October 7, 2023.

Christmas Event

An open house was organized at the AUB Archaeological Museum Shop, December 12-14, 2023, with shopping through December 2023.

New Initiatives and Collaborations

- **Connecting Collections Initiative**
The AUB Archaeological Museum has assumed responsibility for #ConnectingCollections and social media posts for 2023 and 2024.
- **Educational Collaboration and School Visits**
 - » Exploring humanity's early history, sixth grade students from the International College (IC) middle school in Ras Beirut visited the AUB Archaeological museum.
 - » As part of the elective course, "History of Art in the Mediterranean," 13 students from IC participated in a hands-on clay workshop at the Archaeological Museum in May 2024.
 - » The AUB Archaeological Museum team, with the assistance of Lebanese University students, 700 IC students engaged in activities designed to introduce them to the concept of stratigraphy and its importance in archaeology, excavation tools and techniques, and the process of dating artifacts within historical timelines. (May 30-June 2024)

**The Society of the Friends of the AUB
Archaeological Museum General Meeting**

The General Meeting on November 15, 2023 was a vital opportunity for all members to come together, discuss the society's current activities, future plans, and engage in meaningful discussions to shape the direction of the Society of the Friends of the AUB Museum.

Memberships and several of the activities described above help to support and enhance the museum.

You can read more about the museum and its activities in the very attractive online newsletter, on the museum's website, and on social media:

WOMEN’S AUXILIARY VOLUNTEERS

The dedicated volunteers of the Women’s Auxiliary of the AUB Medical Center, which includes the Coffee Shop and the Bargain Box, are deeply committed to their noble mission of serving the AUB Medical Center. They support both patients and nurses. Donations benefiting patients at the hospital and at the Emergency Room are offered monthly. In addition, the Women’s Auxiliary provides tuition assistance to two outstanding student nurses. It also presents awards to the best five student nurses and the best registered nurse and nursing aide at the hospital at the annual Toy Tea Party.

In December 2023 the volunteers held a Christmas Lunch at the Aero Club, which was attended by around 50 people. On April 25, 2024, the Women’s Auxiliary hosted a lecture about vaccination by Dr. Nisrene Rizk at AUB’s West Hall.

The traditional Toy Tea Party took place on May 15, 2024, in the Marquard House garden. The highlight of the occasion was the presence of President Dr. Fadlo Khuri and Dr. Lamyia Tannous-Khuri. Mrs. Amal Takieddine Najjar, president of the Women’s Auxiliary, welcomed everyone and thanked the people who had helped to prepare and organize the party. President Khuri gave an informative and very interesting speech. Dr. Samar Nouredine, dean of the Rafic Hariri School of Nursing, and Mr. Hisham Bawadi, director of nursing at the hospital, praised and thanked the volunteers for their dedication and hard work. The party, which included a program of Spanish folklore and Latin dance, ended with a buffet and refreshments.

The Zaki Nassif Program for Music (ZNPM) celebrated its 20th anniversary in 2024. Since its founding in December 2004 as an academic unit in the Faculty of Arts and Sciences, the program has grown steadily, taking on additional responsibilities to preserve and promote the musical heritage of Zaki Nassif and his contemporaries. Through regularly organized concerts, conferences, and competitions, it has introduced younger generations to Lebanese and Oriental music styles, particularly those from the golden era (1950-75). As a result, the promotion of music from national icons has significantly impacted the collective consciousness of our youth. The Zaki Nassif Program's concerts have consistently attracted large and enthusiastic audiences.

The program organized fewer activities between October 2019 and fall 2021. The annual festival, "Remembering and Discovering," however, took place in 2022-23 and in 2023-24, despite the ongoing conflict in Gaza and South Lebanon. The annual "Zaki Nassif School Choir Competition" resumed in 2023-24, along with cultural seminars funded by the Ali Ghandour Endowed Fund.

E. Music course offerings at the AUB Continuing Education Center

Thanks to the Saadallah and Lubna Khalil Fund and support from the Provost's Office, several courses on Oriental music practice were offered in spring 2024. These courses are part of the music curriculum at the AUB Continuing Education Center, that make it possible for students to earn certificates and diplomas in music practice. Maestro Fadi Yaacoub offered two courses to a group of 15 students, most of them from AUB. Ms. Manal Bou Malhab and Soprano Ghada Ghanem also offered two courses to 25 students.

WAAAUB CHAPTERS, BRANCHES, AND ALUMNI GROUPS

The Worldwide Alumni Association of AUB (WAAAUB) is the university's global alumni organization. Its 70 chapters in 26 countries around the world work closely with AUB's Office of Alumni Relations in Beirut and North America to support the university and its alumni, helping to nurture a relationship that the university treasures.

Alumni chapters are active throughout the year – organizing activities and events to keep alumni engaged and informed about their alma mater. They also support initiatives organized by the Alumni Relations Office such as the AUB4Beirut Run; AUBCares; AUB Giving Day; and Reunion. Some of the highlights from last year were the AUB North American Technology Conference on April 19-21 hosted by the Northern California Chapter and featuring luminaries in the technology field, which gathered more than 170 alumni, friends, and professional colleagues, including senior university leadership from Beirut; the Greater Los Angeles Chapter fundraising gala on March 2 honoring Dr. Najwa Chammas; and a reception hosted by the Washington DC Chapter on March 7 honoring Dr. Nagi Khouri, who received the President's Medal for Outstanding Volunteer Service.

The members of the WAAAUB Advisory Board (listed below) provide counsel and support to the university and the president in efforts to lead and promote positive alumni relations and nurture an alumni community that is active, engaged, and inspired to maintain lifelong relationships with AUB.

AUB4BEIRUT RUN 2023

The AUB4Beirut Run has been organized every year since 2020 raising funds for different initiatives at the university including student scholarships, assisting patients at the AUB Medical Center, and for community outreach. AUB4Beirut Run 2023 raised money for eight community initiatives benefiting vulnerable communities in Beirut and throughout Lebanon: Accessibility for a Bolder Learning Experience (ABLE); AUB Nature Conservation Center; AUB Neighborhood Initiative; AUBMCares; Center for Civic Engagement and Community Service – Community Service Projects; Keepers of the Land; Next Step Program; and University for Seniors.

More than 600 alumni, family, and friends, including President Fadlo R. Khuri and Dr. Lamyia Tannous-Khuri, ran, walked, and biked in 12 countries raising more than \$68,000 for these eight AUB initiatives on September 22-24, 2023. WAAAUB alumni chapters around the world were critical to the success of the Run, raising awareness and mobilizing their members. The New England Chapter led the way with 74 donations.

Several individuals also stepped up to support AUB and its community initiatives. There were alumni-led runs in Denmark, Iraq, Lebanon, Qatar, United Kingdom, and the United States. Dr. Nadim Khouri (BS Agriculture '79, MS Irrigation '82) and his friends in the Washington, DC area got together to cycle 24 kilometers and raise more than \$1,800 for AUB's Nature Conservation Center. "We never imagined when we organized the first Run in 2020, just six weeks after the August 4, 2020 Beirut port explosion, that it would be embraced so quickly and so widely," said Jazi. "These runs and the support they generate for AUB and our community would not be possible without the unwavering dedication of our alumni and friends. We hope that even more chapters and alumni will take part in 2024."

AUB NORTH AMERICAN TECHNOLOGY CONFERENCE

The American University of Beirut convened an extraordinary gathering in Palo Alto, California on April 19-21, 2024, which attracted more than 170 alumni, friends, and professional colleagues, including senior university leadership from Beirut. The event, which was organized by the Office of Alumni Relations in North America was “an invaluable opportunity for us to showcase what we at AUB are doing in the tech field in terms of academic programs and at the Talal and Madiha Zein AUB Innovation,” explained Associate Vice President for Alumni Relations-North America Lina Jazi,

The conference, which was attended by President Fadlo R. Khuri, featured panel discussions on entrepreneurship, digital businesses, and artificial intelligence; an introduction to the Talal and Madiha Zein AUB Innovation Park; a presentation highlighting what sets AUB apart in engineering and design; and a fireside chat with Sassine Ghazi, president, CEO, and board member of Synopsys, with Trustee Fuad “Ford” Tamer, senior operating partner at Francisco Partners, on scaling a technology company. More than \$2 million was raised in advance of, and during, the dinner for AUB initiatives including the recently established WAAAUB Northern California Chapter Endowed Scholarship fund.

One of the highlights of the conference was the announcement by President Khuri of the establishment of the Nabil Bukhalid People’s Choice Award for Innovation, which is named for Nabil Bukhalid (BE ’81, EMBA ’05) who headed the AUB computing and networking team for many years and was responsible for bringing the internet to Lebanon.

Reflecting on the conference, President Khuri said, “Deeper and broader engagement with the university’s alumni is critical to expanding AUB’s impact. This event is just one of many that has taken place in North America recently, which have gathered our exceptional graduates across generations. These events are invaluable to our university.”

CLASS REUNION 2024

The American University of Beirut (AUB) welcomed more than 3,000 alumni, family, friends, and neighbors to the AUB campus on June 27-29, 2024, for AUB Reunion 2024. The annual class reunion was especially important for alumni celebrating their 25th, 50th, or more-than-55-year anniversary of their graduation from AUB. The members of these graduating classes were honored during a special ceremony in Assembly Hall, which also marked the beginning of the three-day alumni reunion celebration.

In her welcoming remarks during the Honoring Ceremony on June 27, 2024, Associate Vice President for Development, Alumni Relations, and University Events Salma Oueida spoke about the power of the AUB connection. “Regardless of the years that have passed, the spirit of AUB continues to resonate within us, guiding our paths and shaping our lives in profound ways,” she said. Oueida called on AUB alumni to not only honor the past, but to also “look to the future with hope and optimism. May we remain steadfast in our commitment to excellence, integrity, and service to others, embodying the principles instilled in us during our time at AUB,” she continued.

In his keynote address, President Fadlo R. Khuri spoke about recent events at the university, noting that it was “healthier than it’s been in 50 years.” He pointed to the success of BOLDLY AUB: The Campaign to Lead, Innovate, and Serve, the fundraising campaign which AUB concluded on June 30, 2024, as one of the reasons for the health of the university. Khuri said that because of the funds that had been raised during the campaign, which he expected would exceed \$800 million, “there is a higher percentage of students who are getting full support or getting financial aid at AUB than ever in our history.” Khuri also noted that the BOLDLY AUB campaign had been extraordinarily successful in mobilizing the global AUB family: more than 26,000 donors in 101 countries have made donations to the BOLDLY AUB campaign.

Khuri also spoke about the importance of AUB’s alumni community. “This is your university,” he said. “You own this university. Like the faculty and staff, you are partners in the development of the vision of this university... The future, the secret sauce of AUB, is the extraordinary attachment its alumni have to it. And for that, I say ‘thank you.’”

John Makhoul (BE Electrical Engineering ’64), spoke on behalf of alumni celebrating their 55th and more-than-55-year graduation anniversary. As a member of the Class of 1964, he was also a participant in a very special 60th class reunion for the members of the Class of 1964. “Almost 20 of us from the Class of Engineering 1964 were able to arrange our own small mini reunion during Reunion 2024. We have stayed in touch over these many years and were happy to have a chance to get together again,” said Makhoul.

Speaking on behalf of the Class of 1974, which celebrated its 50th class reunion, Mounir Douaidy (BA Economics ’74) reflected on the “unwavering light” of AUB. “This institution continues to be a beacon of hope and excellence for future generations. Reflecting on our past, we recall how AUB’s high academic standards and global accreditation guaranteed our transition to higher education anywhere in the world. Moreover, we discovered that AUB nurtured our personalities and sharpened our abilities to face real-life challenges,” he said.

Haya Imam (BBA ’99), who spoke on behalf of the Class of 1999 celebrating its 25th anniversary, observed that “AUB has changed me forever. AUB’s education, liberal arts and thinking, openness, diversity, tolerance, accepting the other, and civic responsibility expanded my knowledge and intellectual boundaries, and empowered me with everlasting skills that I find myself using every day,” she said.

Sanaa Sharafeddin (BE ’99, ME ’01), who was among the many alumni celebrating their 25th class reunion, said, “I urge all alumni to make every effort to attend Reunion. It was energizing and inspiring to get together with former classmates and reconnect.”

Two musical events attracted large and enthusiastic audiences to the Green Oval during Reunion weekend: “Reunion Beats with Rodge” (on June 27) and a concert by Melhem Zein (on June 28). Rodge, who was especially popular among many of the younger members of the audience, got people on their feet from the first song. Many in the audience never sat down. In addition to music, there was also a light show on stage.

The concert on June 28 was not the first appearance of Melhem Zein, also known as “Al Rayyes,” at AUB. He was part of the “Longest Dabke in the History of AUB,” which was organized on January 28, 2016, during AUB’s year-long 150th anniversary celebration. Zein made a generous donation to the university to establish a student award and scholarship in his and his wife’s names (Tamani and Melhem Zein) at the Faculty of Arts and Sciences.

Reunion weekend concluded on Saturday, June 29. Many alumni and their families signed up for a day tour of the Chouf cedars, a visit to Beiteddine Palace, and a traditional Lebanese lunch at Deir el Qamar. “It was wonderful that the Alumni Relations Office organized this trip for us. It was a special day – even for alumni who had been to the Chouf many times before,” said Dr. Fadi Akoum (BS Biology ’95, MD ’99).

“Our annual reunion celebration on campus is magical for all of us,” commented Oueida. “It means so much to our alumni to be on campus and to have this chance to reconnect with each other and share memories. It means a lot to our university as well. Our alumni are the heart of AUB. Even with all the challenges our university and our community has faced in recent years, our alumni community remains strong.”
