

AUB Business School inaugurates Al Qatami e-trading room Tuesday May 11, 2010

The AUB Olayan School of Business will be inaugurating the Al Qatami e-trading room, which is connected to real-time stock market news through Reuters, thus allowing professors and instructors to track market indices and stock prices, as though they were real brokers—without actually trading on the market.

The dedication of the e-trading room will take place on Thursday, May 13, at 5:00 pm, in the presence of Al Qatami family who wished to name the room after their late father Abdul Aziz Al Qatami, a Kuwaiti businessman who also believed in women's emancipation, encouraging all his eight daughters to pursue university degrees at AUB and elsewhere.
