SAOUMA BOUJAOUDE
TEACHING EXCELLENCE
AWARD _____ 2025-2026

Phase 1 - Submission

1. Acceptance letter
2. Updated CV
3. A 4-page personal statement that makes the nominee's case for the Saouma BouJaoude Teaching Excellence Award. It should provide concrete evidence of excellence and innovation in **instruction, mentoring,** as well as **service** and **professional development.** It is also expected that the statement will include the candidate's **ICE score summary** and a reflection on the evidence the candidate uses to enhance their teaching.

Given this year's thematic focus on AI in/and Education, you can also include in your personal statement a brief reflection on how you have engaged with artificial intelligence as an educator —whether through integrating AI in your teaching, guiding students in its responsible use, or exploring its broader implications for learning.

The personal statement is a self-contained argument: it should not exceed **4 pages** nor include (hyper) links or appendices. Supporting documents will not be considered or accepted at this stage.
