

Fact Book 2021- 2022

The AUB Fact Book is published each year by the Office of Institutional Effectiveness and Decision Support (IEDS).

The Fact Book is a compilation of statistical data on subjects such as enrollment, admissions, graduation and retention rates, and other factual information about AUB. It fulfills several purposes, including serving as a data resource, a ready reference, and a planning resource. Data in the Fact Book are useful for institutional and programmatic self-study and accreditation, grant applications, and external reports.

Statistics are given as of the fall term of academic year 2021-22 (specifically: October 15, 2021 for student data), except as noted.

Students

This section includes information covering the students' enrollment, admission, tuitions, graduation and retention, academic achievement and financial aid.

Statistics are given as of the fall term of academic year 2021-22 (specifically: October 15, 2021), except as noted.

Given the many permutations possible of a multiple-choice admissions process, the following representation is meant to give a prospective student the best indication of the chances of her or him being accepted into the preferred major. It also gives the faculty/school an indication of its ability to attract these students to register.

Applicants are the number of students registered, plus the number of students accepted into their highest priority major who did not register, plus the number of students who were not accepted based on their highest priority major.

Accepted students include the number of registered students plus the number of students accepted into their highest priority major.

Registrants are those who registered in the faculty/school indicated. Note : Freshmen are counted here
