RESPOND TO YOUR OFFER

Fulfilling these requirements is crucial towards obtaining your degree and avoiding issues later with the Ministry of Education upon graduation.

HEALTH

- ▶ COVID-19 vaccines are not mandatory prior to arrival in Lebanon. However, it is still recommended that you get the vaccine prior to your departure from your home country. You can receive the vaccine at the American University of Beirut Medical Center post-arrival as well.

- ▶ Visit your doctor or family medicine practitioner in your home country and obtain the vaccinations required in accordance with this **Medical Form**.
