Project abstract (up to 350 words)

Abstract should cover the main goals of the project in line with the original approved proposal.

Project accomplishments (up to 3 pages)

State the accomplishments for each research aim in the project. List main contributions and any difficulties faced.

Project deliverables

List all published and/or submitted scholarly work that resulted from the project work to date (journals, articles, abstracts, books, creative work, etc.). Include details: authors, title, type, venue, status (submitted, in press, published, etc.), and online access link, as available.

List as well any submitted internal or external grants that are based on the work done in this project. Include details such as funding agency, status, budget, team members, role, and status (under review, granted, not granted, etc.).
